The Norwegian steamship *Peter Jebsen* expects to sail in the morning.

No quarantinable disease reported here during the week. Mosquitoes very few and almost no *Stegomyia*.

A fatal case of yellow fever occurred during the week ended March 9 at Paraje Nuevo, in the vicinity of Cordova.

PERU.

Report from Callao—Inspection of vessel—Smallpox in Lima—Plague in Peru—Plague and smallpox in Chilean ports.

Assistant Surgeon Wightman reports, March 4, as follows:

Week ended March 2, 1907. The Chilean steamship *Tucapel* was dispatched on March 1 for Ancon, Canal Zone, with general cargo and a total personnel of 156, of whom 2 members of crew and 34 cabin and 23 steerage passengers were from this port.

There was a new case of plague in Callao during the week. Smallpox continues in Lima.

From Chile the following is reported, viz: Coquimbo, 11 cases of smallpox, with no death, in 2 weeks ended February 19; Antofagasta, 12 cases of plague, with three deaths in 2 weeks, ended February 22; Iquique, smallpox still present. The Peruvian consul in Taltal reports plague in that port.

The following is from the latest report from the Director de Salubridad, regarding plague in Peru:
